On the Road:

The TOSRV route has remained basically unchanged over 60 years. The environment and road conditions, however, are a little busier than what the Siples rode in 1962. These evolving conditions are one of the reasons we don't start at the Ohio Statehouse. **Did you know that the Siples started their very first TOSRV from their home in Canal Winchester?**

TOSRV invests in substantial on-road support and safety personnel. We provide:

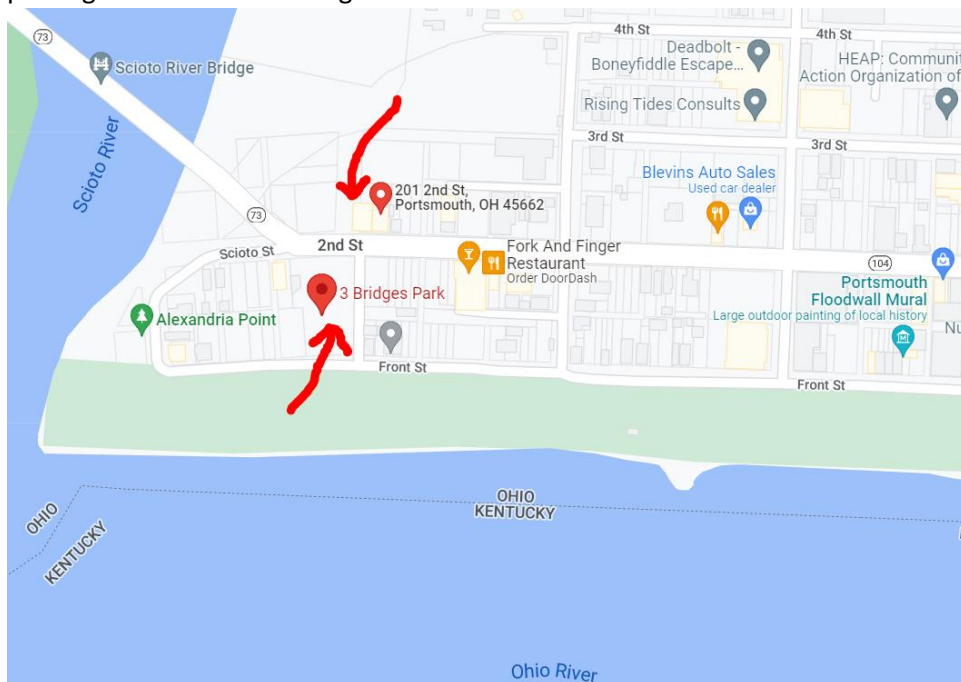

- The Ohio State Highway Patrol monitors the route and calms (& tickets!) appropriate motor vehicles
- An extensive team of EMS and radio operators (6-8 motorcycles & cars) monitor the riders and provide a communication network and the fastest response time in case of emergency
- SAG vehicles and mechanical support as needed
- An emergency SAG hotline is on every rider wristband (**440-813-4598**) **Emergencies/show-stoppers only**, please.

Packing List & Luggage Drops

There will be one luggage truck – with destination/drops at two locations in Portsmouth: Three Bridges Park (lodging on your own) and the Portsmouth High School for those who reserved indoor space or camping. We’ll supply you with appropriate bag-tags at check-in.

****WARNING** - If you are doing the “Half TOSRV” (starting and ending in Chillicothe) please ensure you place the bright yellow on your bag so we’ll know to drop it off in Chillicothe on Sunday!**

Hint - Some riders have a large bag delivered to the Portsmouth High School if they stay there and a small backpack bag (carry-able) delivered to Three Bridges Park so they can enjoy the festivities before riding to the Portsmouth High School.

For help with shuttling luggage once you get to Portsmouth, the local Jaycees can help!

Packing List for 2-day riders – Bring a sleeping bag/sheets, air-mattress/pad, toiletries, **towel**, street clothes for Sat night, don’t forget **shoes!**, Sunday cycling kit, small flashlight, phone & GPS charging cord or battery, steamy romance novel, medications, etc. There is space for tents.

We’ll distribute the Ride with GPS routes to registered riders on Thursday, Sept 21st – Our advance route-master is doing the final scout and marking early in the week to ensure we don’t have any unexpected construction/detour problems. We’ll also have a QR code at the Saturday morning registration desk that will link straight to the Ride w/GPS routes.

Paper maps will be available at check-in

COVID Pandemic Considerations

Columbus Outdoor Pursuits has followed the orders of the Ohio Department of Health from the beginning of the pandemic and adjusted the types of events and number of participants in accordance with the orders. There are currently no mandates regarding our operations; however, we will practice caution by having our volunteers build plates & fill bottles. Please follow the guidance and direction of our volunteers so we may maintain the safety for all our participants.

If you have any questions or adjustments to your registration information, please send an e-mail to office@outdoor-pursuits.org (And please understand that we’re pretty busy this week and your patience will be appreciated!)
